COMPANY PROFILE

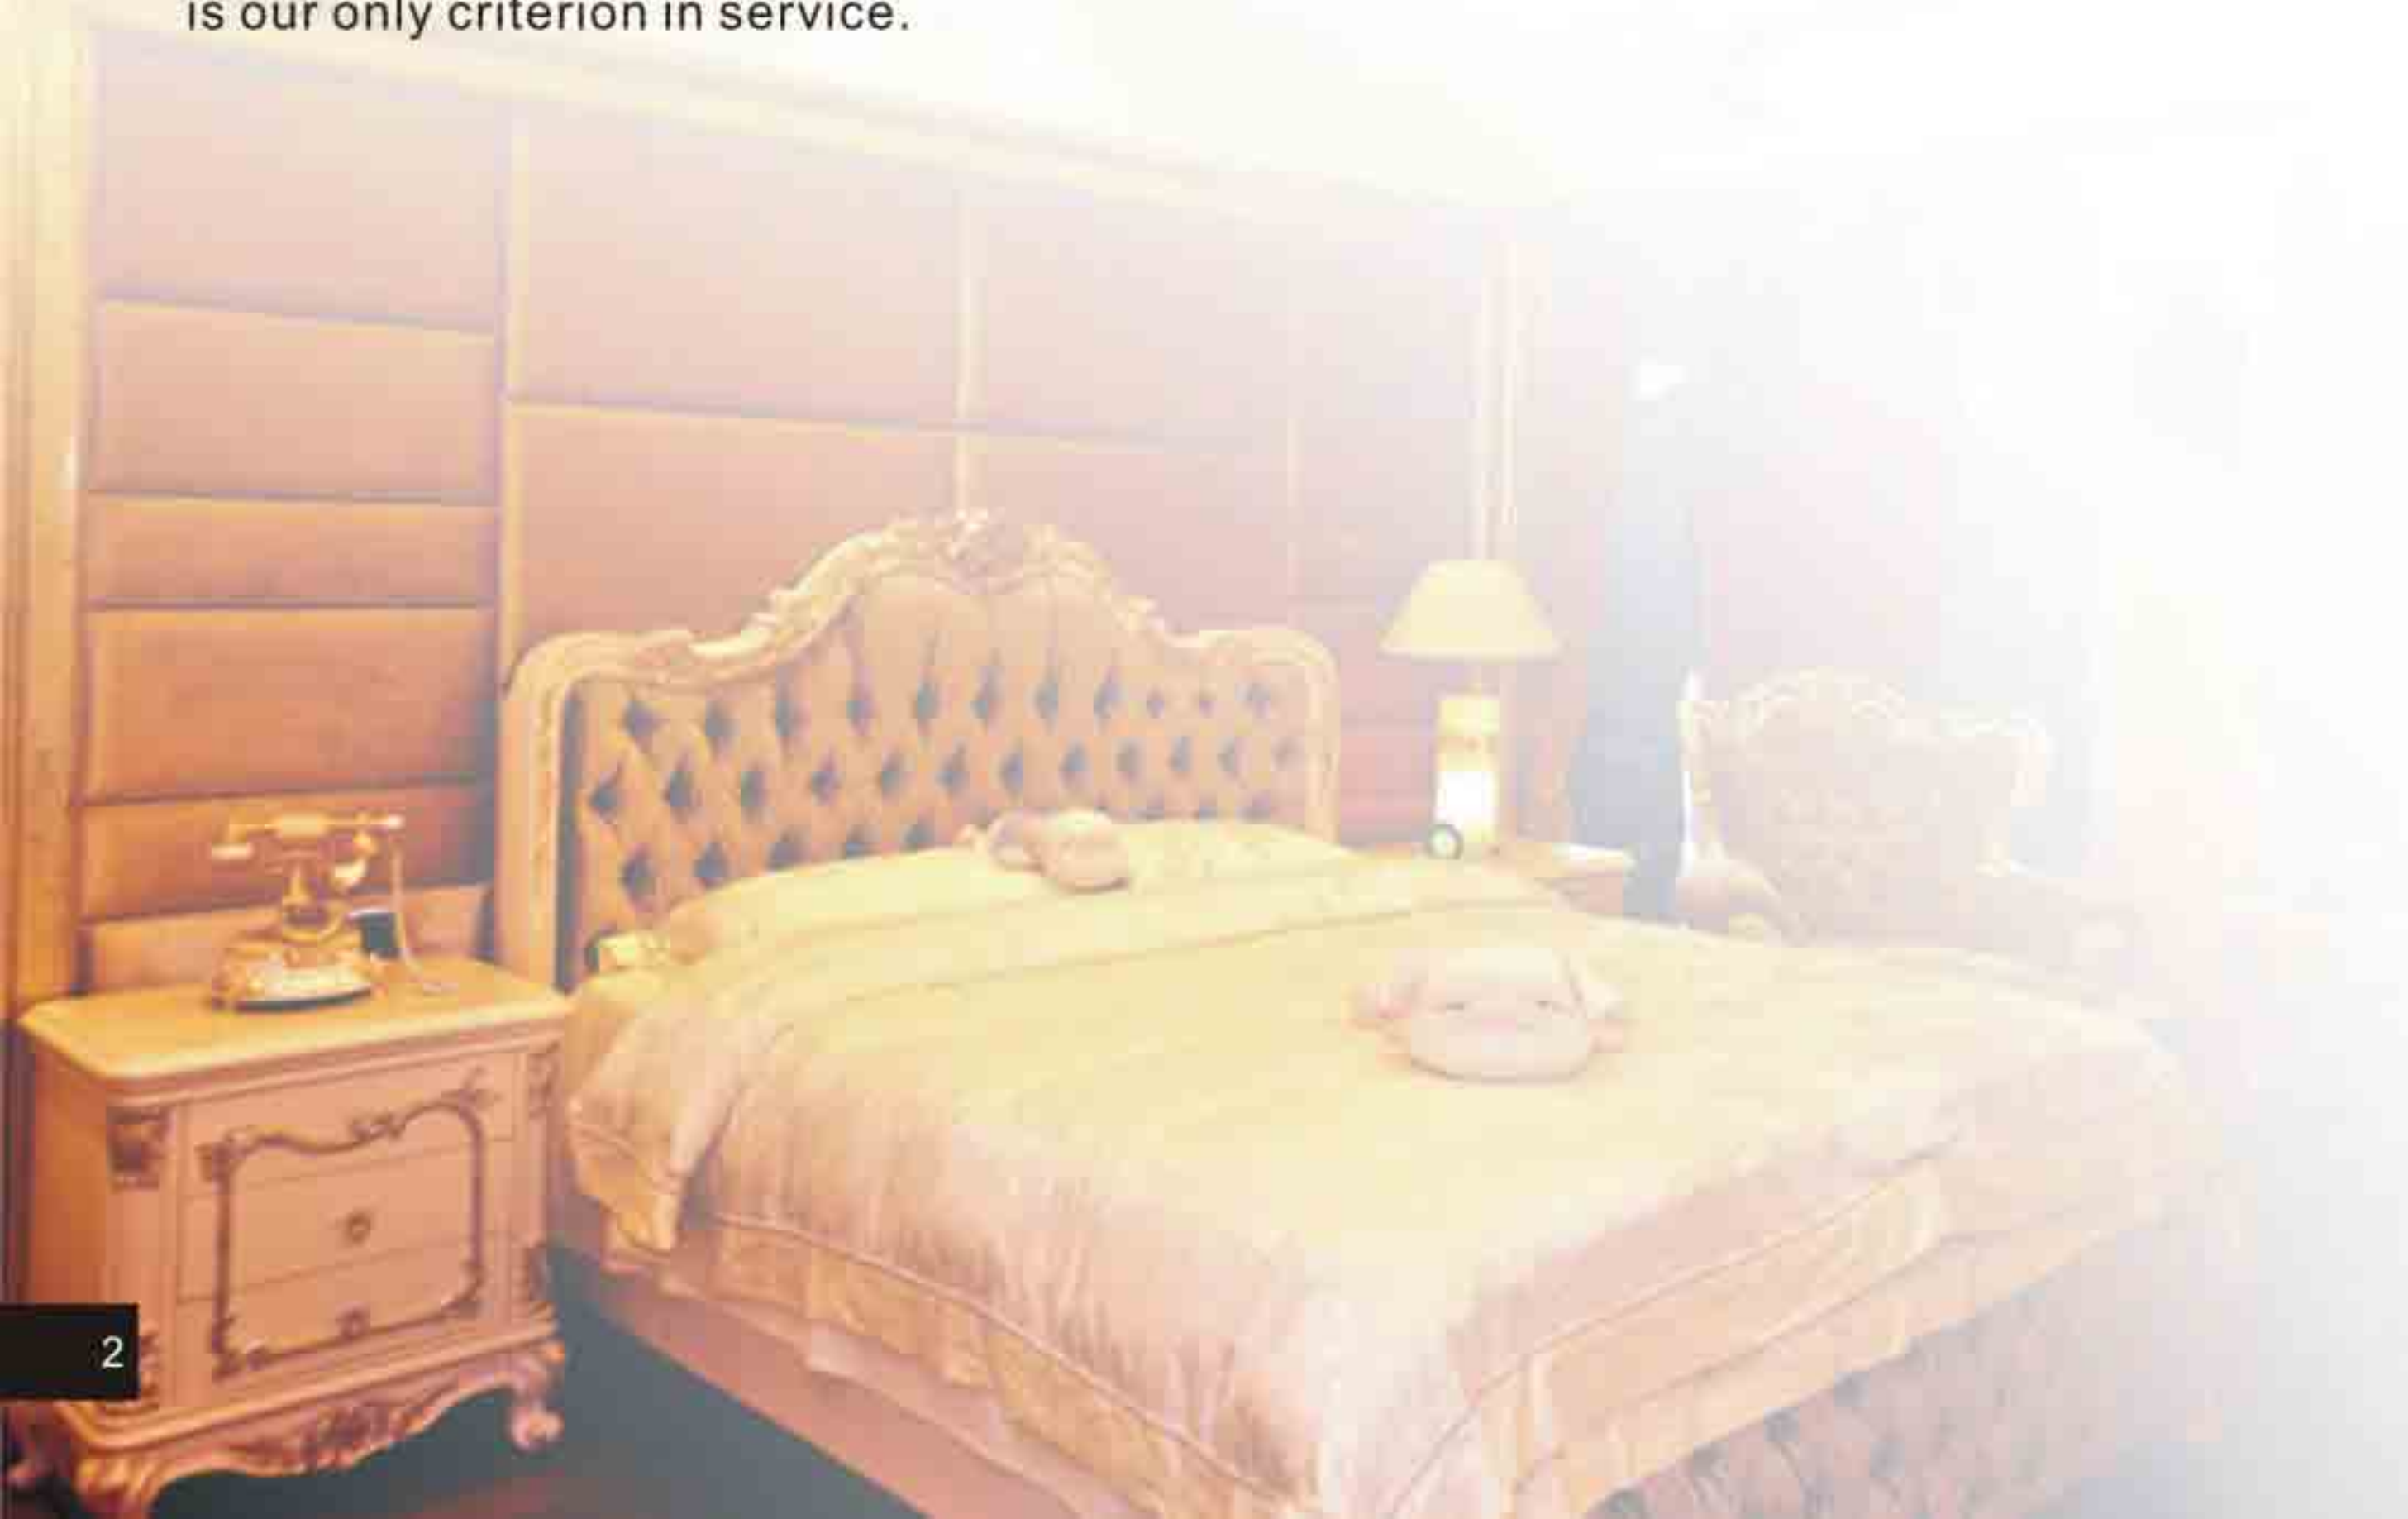

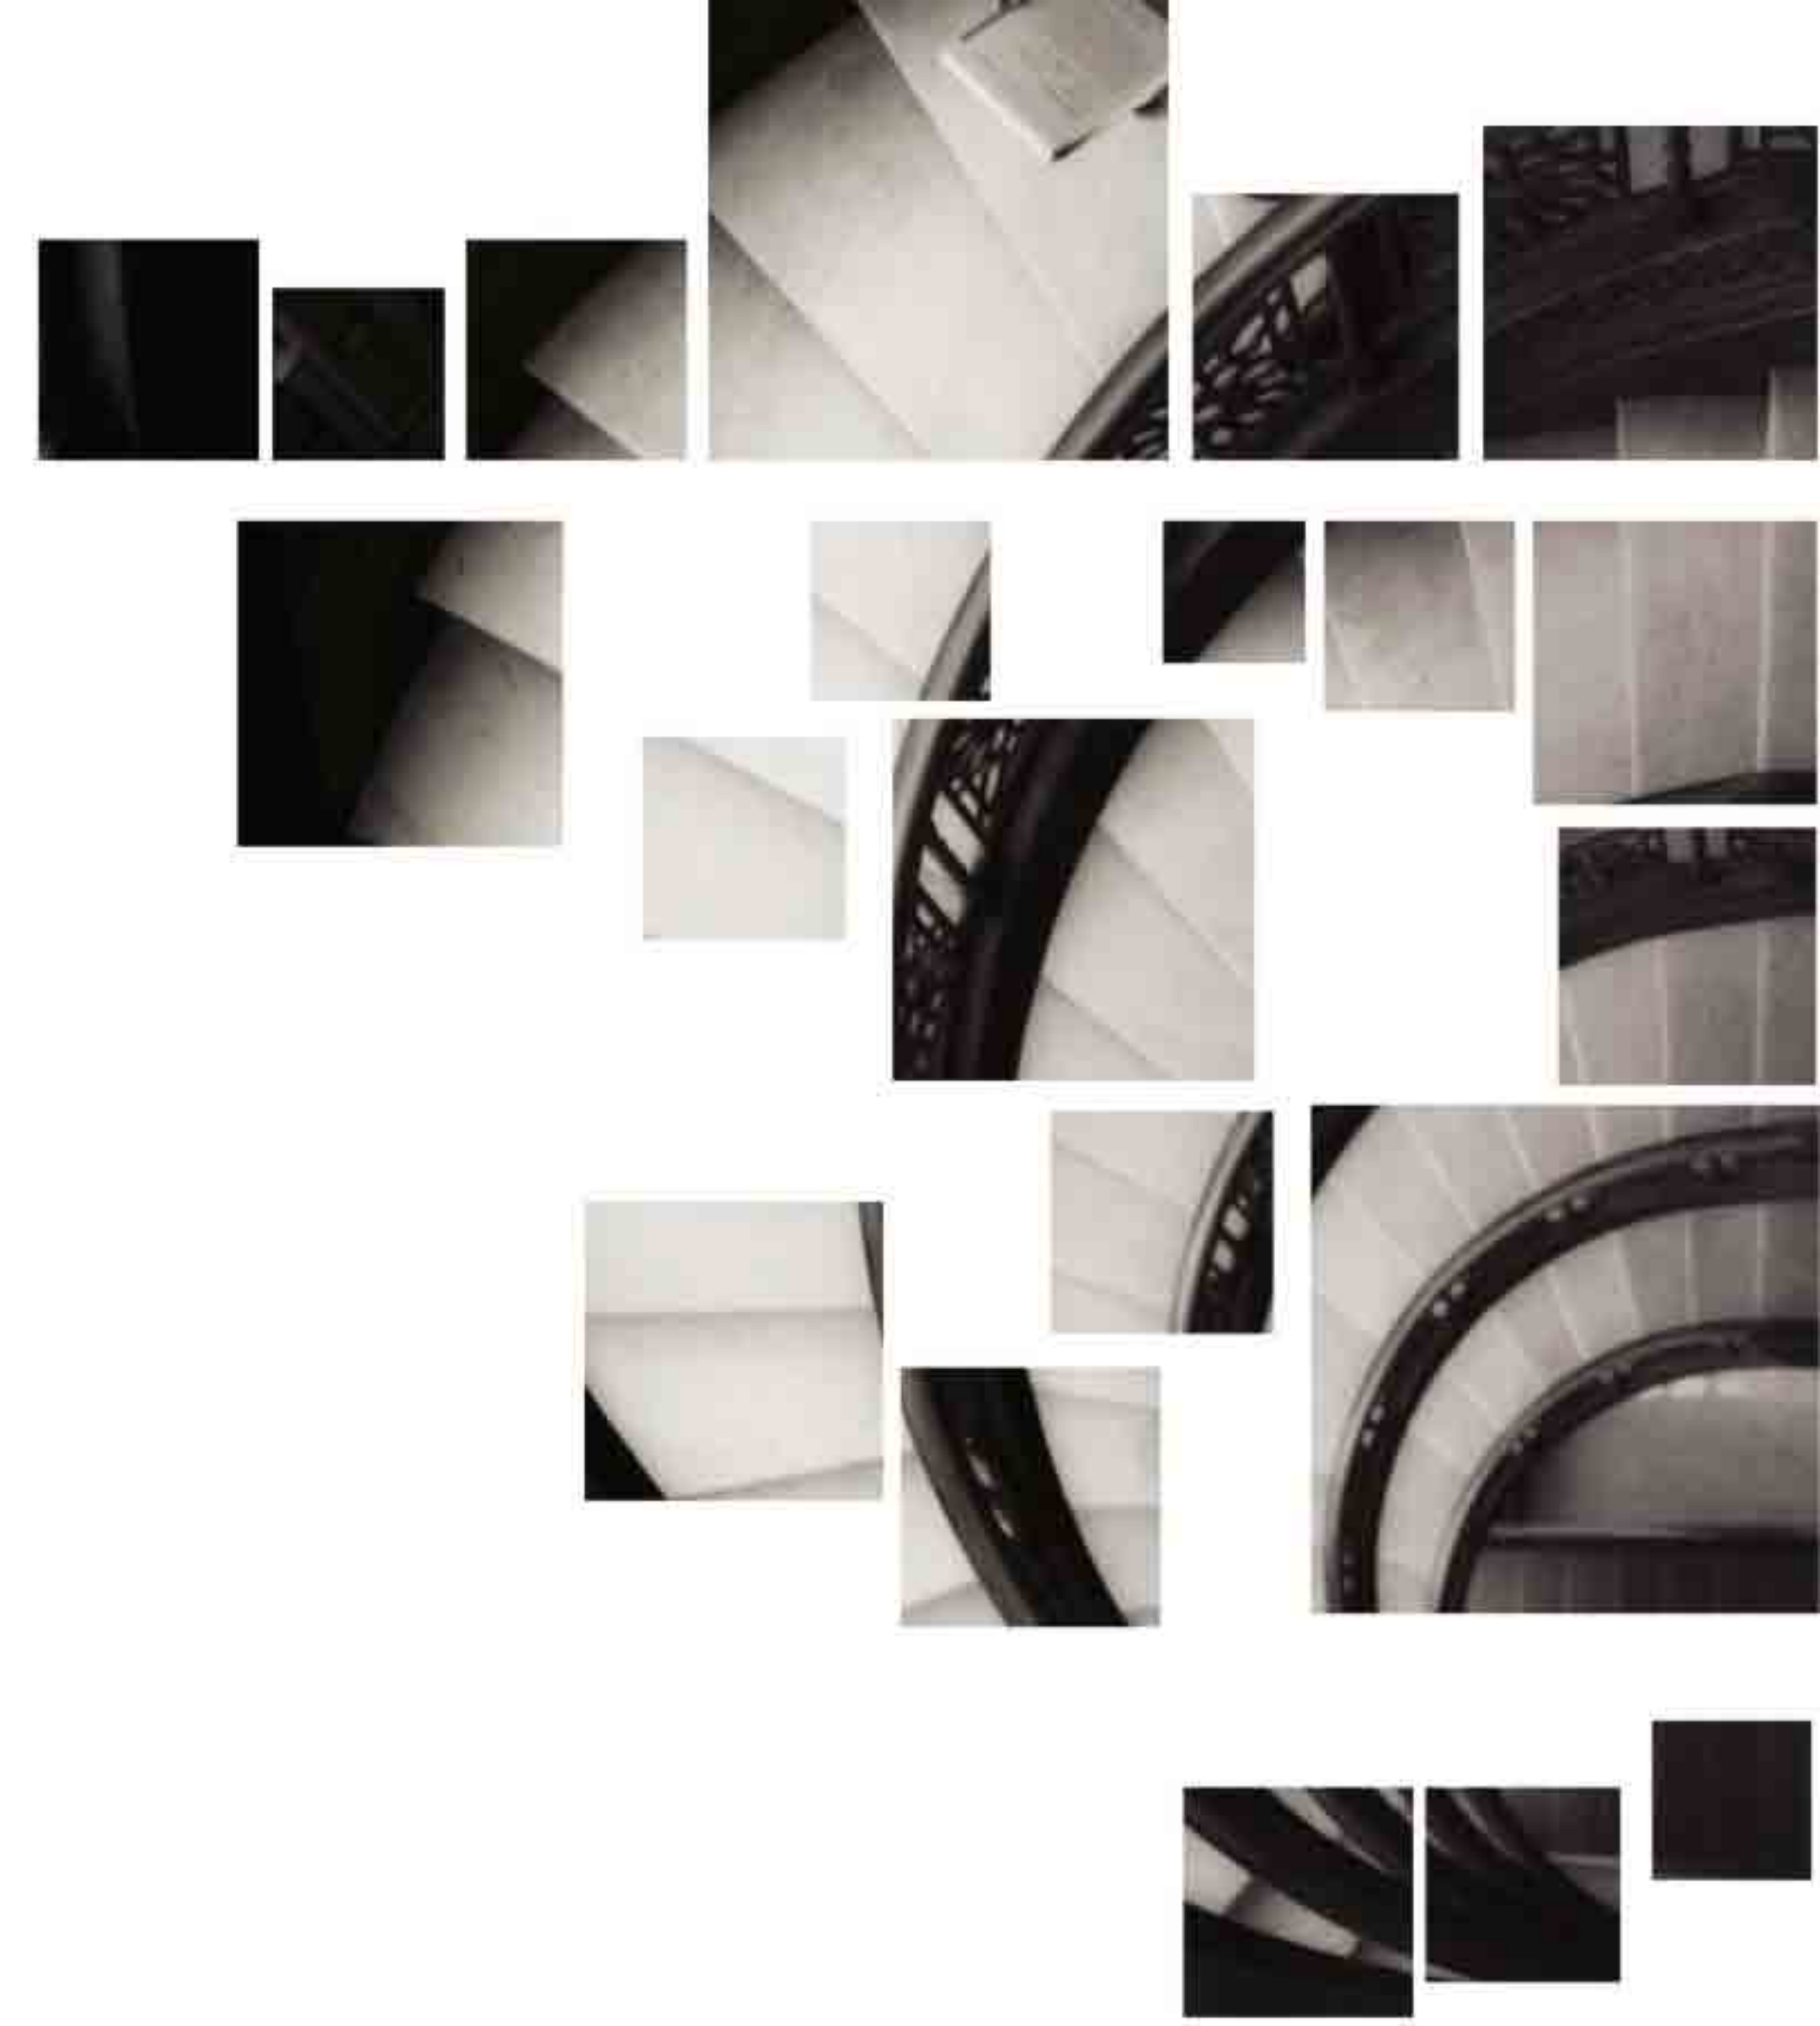

Orbita is a reputable hospitality products manufacturer with ISO certified 46,000 square meters garden factory, established to offer the best quality products with professional and effective service to our customers.

Orbita series of products including hotel card locking system, hotel in room safe, hotel minibar, touch screen switch, hotel in room telephone, cabinet locker, smart hotel room system and other hotel in room accessories, are products of years of experience integrated with advanced technologies from Siemens, Dallas, Atmel, Philips etc. Orbita locking system certified by Opera Fidelio and other popular PMS system, has just enabled Orbita products to a wide range of compatibility.

In fact, all of ORBITA products are CE, FCC, RoHS marked and ORBITA is one of the few brands in this industry that passed 800,000 times BHMA standard circling test. Regional standard like SASO, SONCAP, SIRIM are also available with all Orbita products.

More than 10,000 hotels, service apartments, resorts, university dormitories, hospitals and cruise ships covering 100 countries in the world are using Orbita card locks, digital safes, minibars, touch screen switches and other satisfactory hotel intelligent accessories. Our customers include most popular international hotel management groups such as Accor, Marriot, Carlson, Hilton, Starwood, Intercontinental, Kempinski, Crow Regency and other regional hotel management groups. Moreover, Orbita is also offering OEM & ODM services for many leading Europe and American brands in this industry.

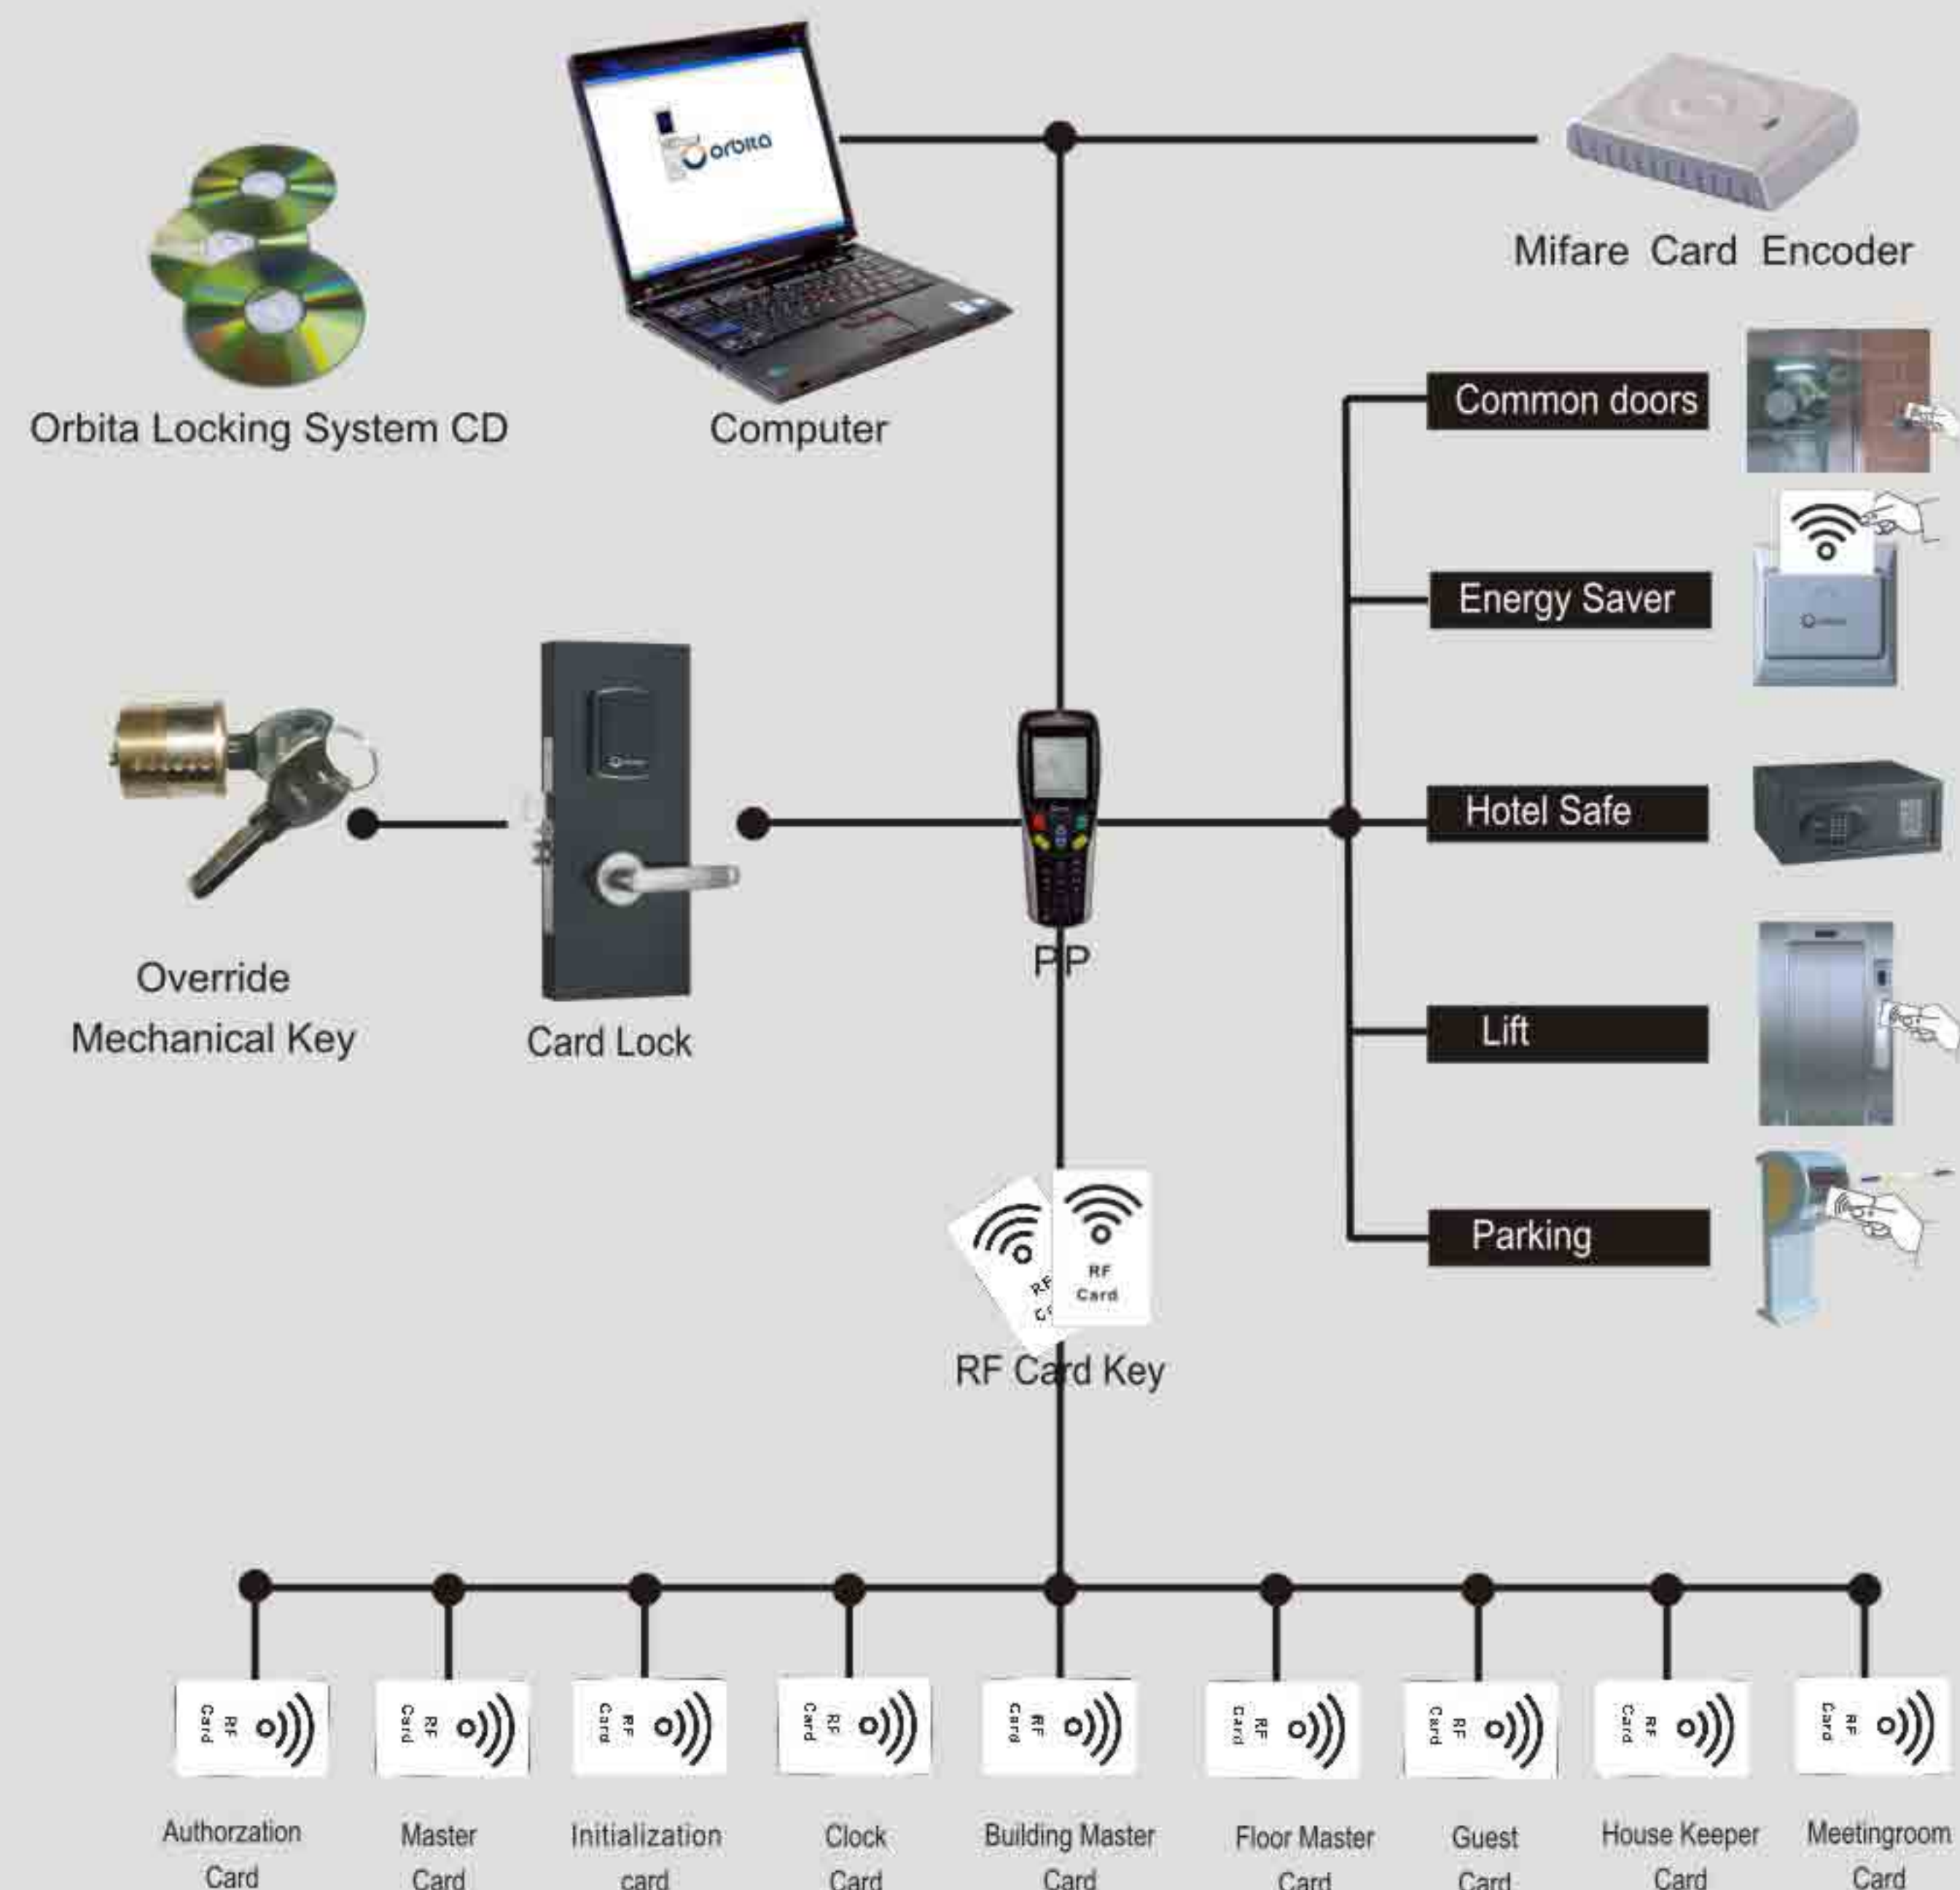

ORBITA believes that every customer is a customer for life, manufacturing products of fine quality with our experience and knowledge is our source of pride and customer's satisfaction is our only criterion in service.

Orbita One Card System Configuration

Orbita RFID Access

Fancy Features:

LCD screen showing:

“welcome”, room number, date, time, weekday.

battery status, Wrong operation indication.

TECHNICAL PARAMETERS

Dimension of External Panel:	L285mm*W74.5mm*H13mm
Material:	Stainless Steel, Moisture Proof, Fire Retardant
Working Voltage:	DC6V or 4 AA Alkaline batteries
Power Consumption:	Static Load<10Ua Dynamic Load 100~150Ma
Working Environment:	Working Humidity: 20%~90% Working Temperature: -50℃~60℃
Keycard Option:	Mifare 1 card

FUNCTIONAL CHARACTERISTICS

Interface with most of the PMS systems, Fidelio/Opera registered!

CE & FCC Certified!

Brushed stainless steel color lasts more than 10 years

ANSI Standard mortise

Inside Dead Bolt. Inside handle retracts latches and deadbolt.

Mifare 1K card, compatible with Mifare Energy Saver

Override Computer Key for Emergency use, individual or master cylinder

Lost guest card suspension simply by issuing a new guest card with suspending function

Lock operation record printable: 240 pcs or more

Power: 4pcs #5 AA Alkaline batteries, 18 months' duration

Low battery voltage warning, (Lower than 3.5 V.)

Self Error detecting by LED and “beep”

Improper lock warning

Passage function available

Can be integrated with 16 public areas such as Lift/Parking/Swimming Pool/Sauna Room/Tennis court/Gym ...etc.

Orbita Split Model

Valuable Features:

Sliding reader with hidden cylinder

Elegant, fashionable.

TECHNICAL PARAMETERS

Dimension of External Panel:	L95mm*W62mm*H26.8mm
Material:	Stainless Steel, Moisture Proof, Fire Retardant
Working Voltage:	DC6V or 4 AAA Alkaline batteries
Power Consumption:	Static Load<10Ua Dynamic Load 100~150Ma
Working Environment:	Working Humidity: 20%~90% Working Temperature: -50℃~60℃
Keycard Option:	RF Temic card, Mifare 1 card, Ultra-light card

FUNCTIONAL CHARACTERISTICS

Interface with most of the PMS systems, Fidelio/Opera registered!
CE & FCC Certified!
Stainless steel color lasts more than 10 years
ANSI mortise, European Standard mortise 72mm/85mm hole distance, Anti-panic type is also available
Mortise thickness 18mm, strike thickness 22mm

No electronic inside mortise.

Inside Dead Bolt.
Temic and Mifare card, 100,000 times life, high security, compatible with Energy Saver.
Override Computer Key for Emergency use, individual/master cylinder
Personalized Locking System and cylinder cover
Step by step installation software, easy operation. OEM locking system available.
Classified Access Authorization for safety management.
General master card, building master card, floor master card, guest card, Fire-alarm card
All card with validity, guest card expires automatically at default check out date and time.
Meeting room function and three levels of passage door functions.
Lost guest card suspension simply by issuing a new guest card with suspending function.
Multiple operators with different card issuing authorization
Lock operation record printable. 240 pcs or more
Receptionist card issuing records printable
Power:4 pcs #7 Alkaline battery. 14 months' duration
Low Battery Voltage warning. (Lower than 3.5 V.)
Self Error detecting by LED and "beep".
Improper lock warning
Wireless stand alone lock realizes 95% of on line lock function.
Can be integrated with Lift/Parking/Swimming/Sauna Room/Gym access...etc(One card system)

Orbita Waterproof Model

Valuable Features:

Waterproof design

Complete 304 stainless steel material

Sealed electronics.

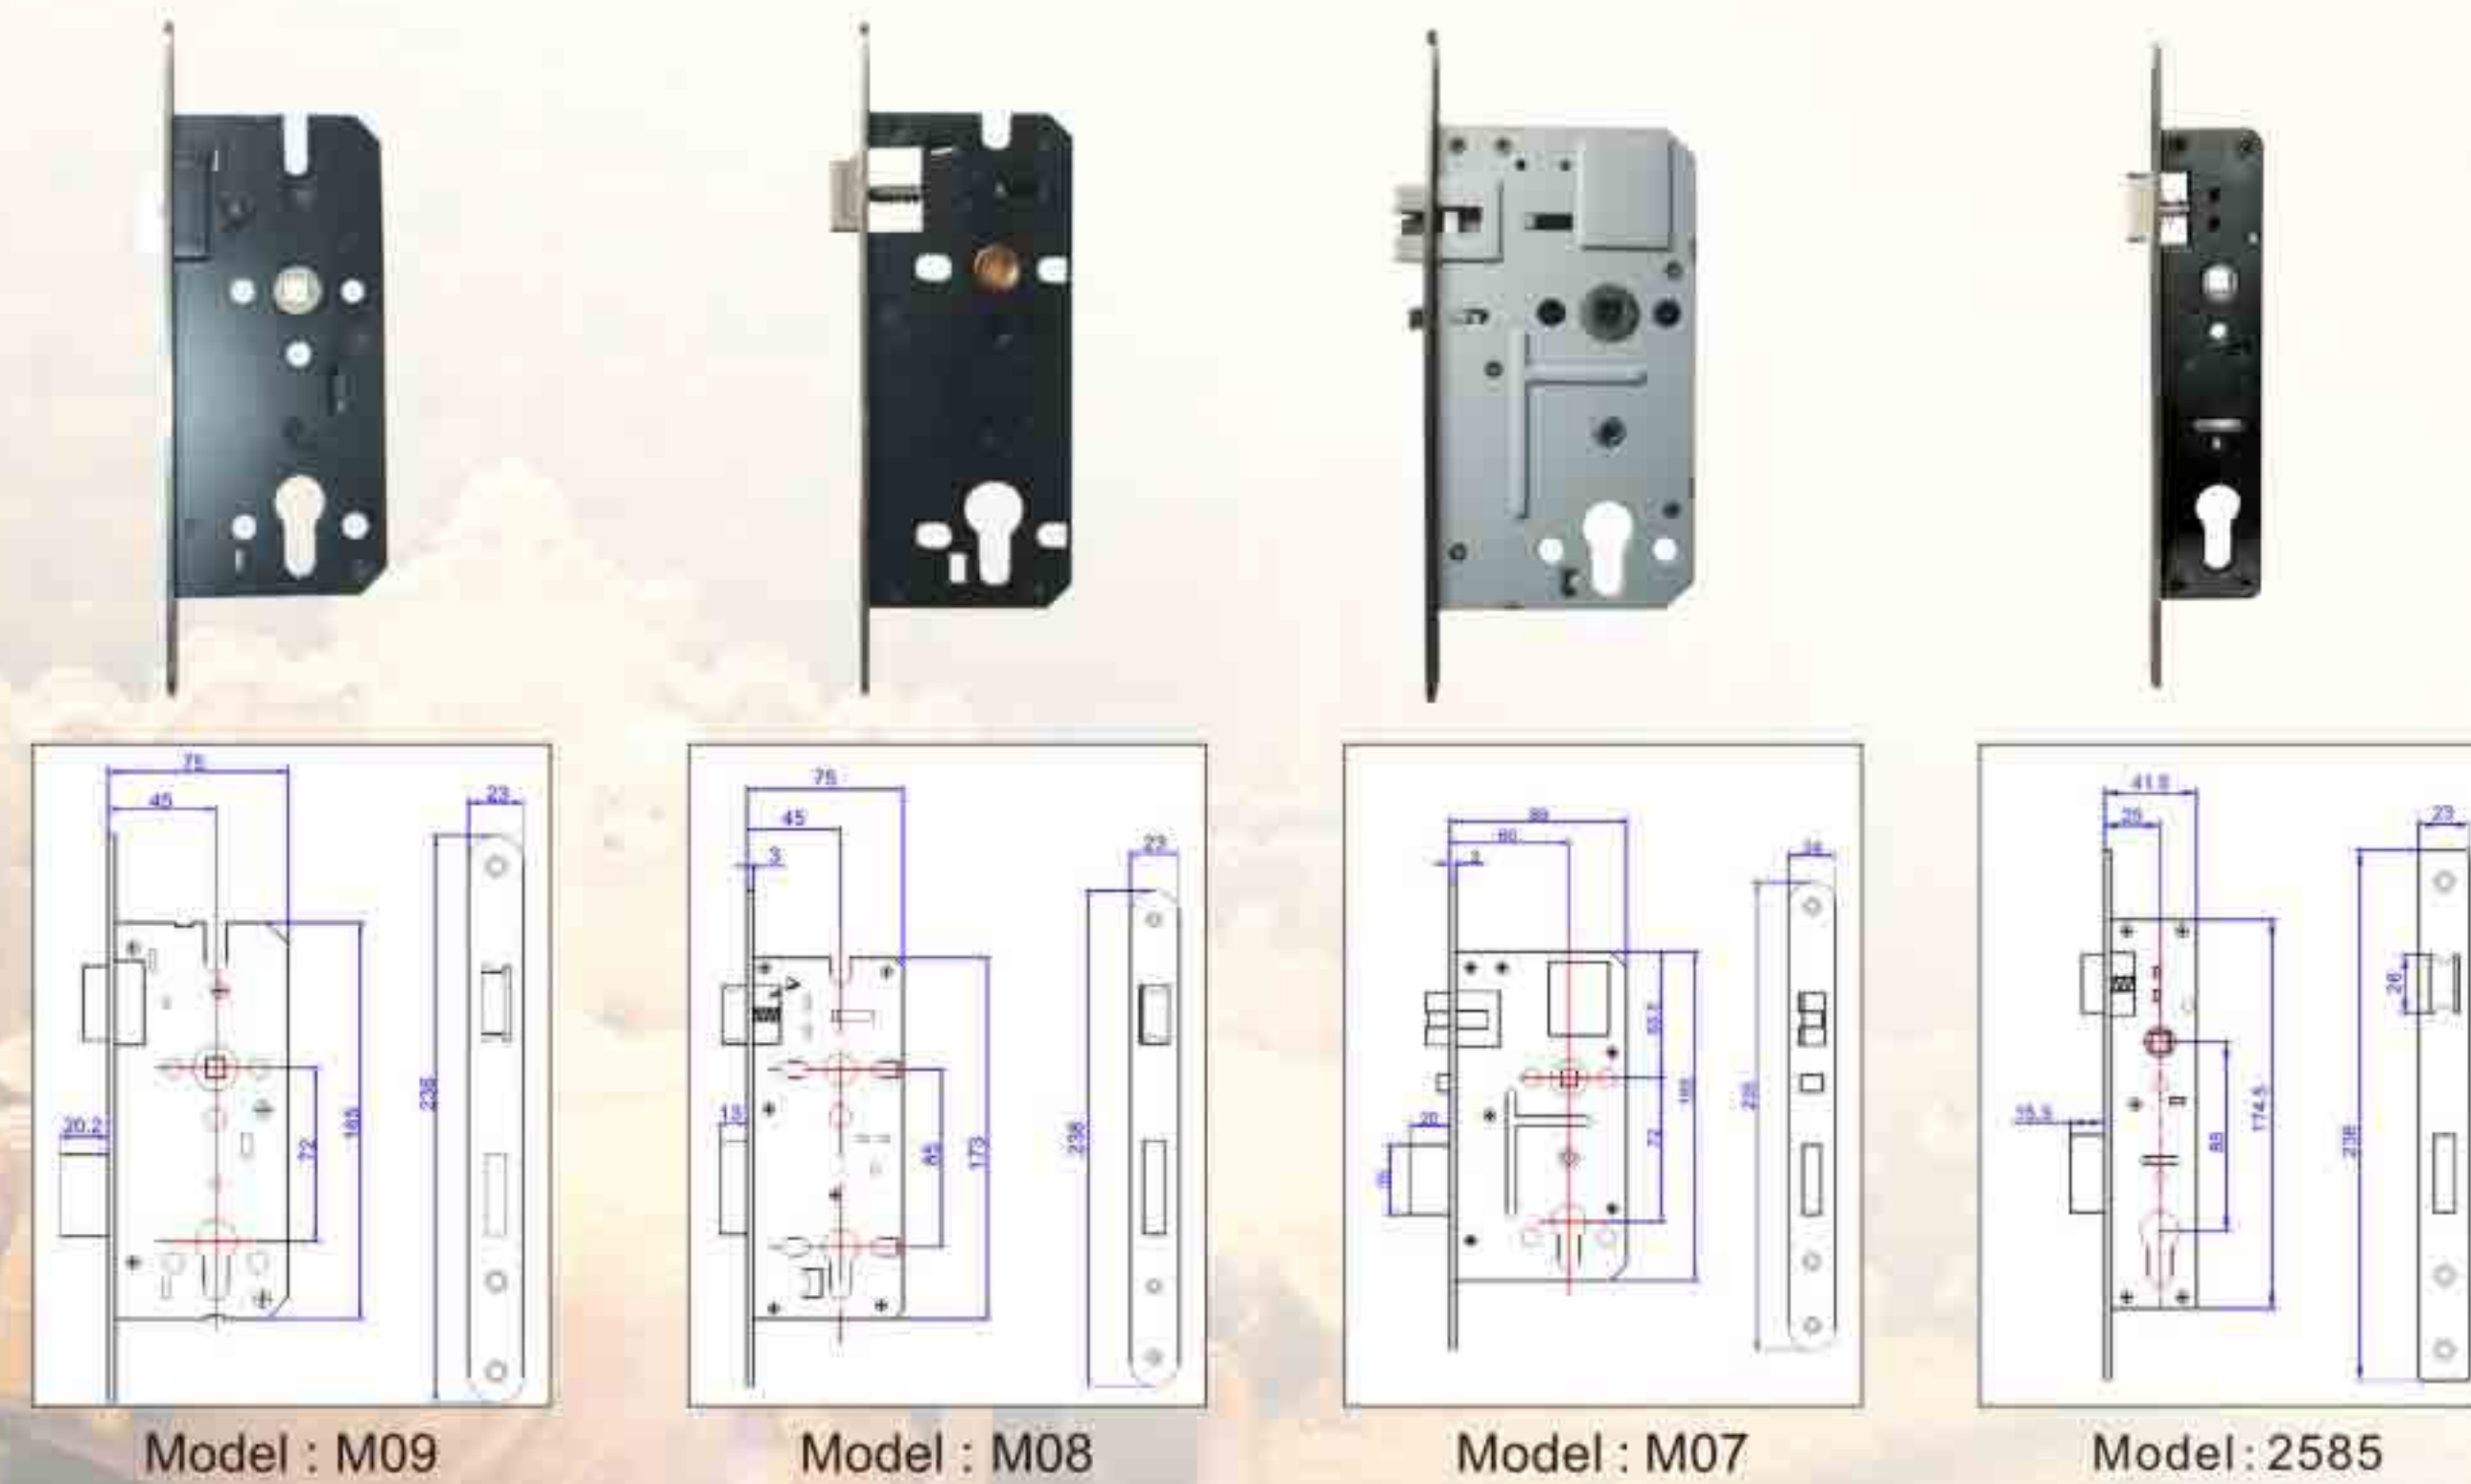

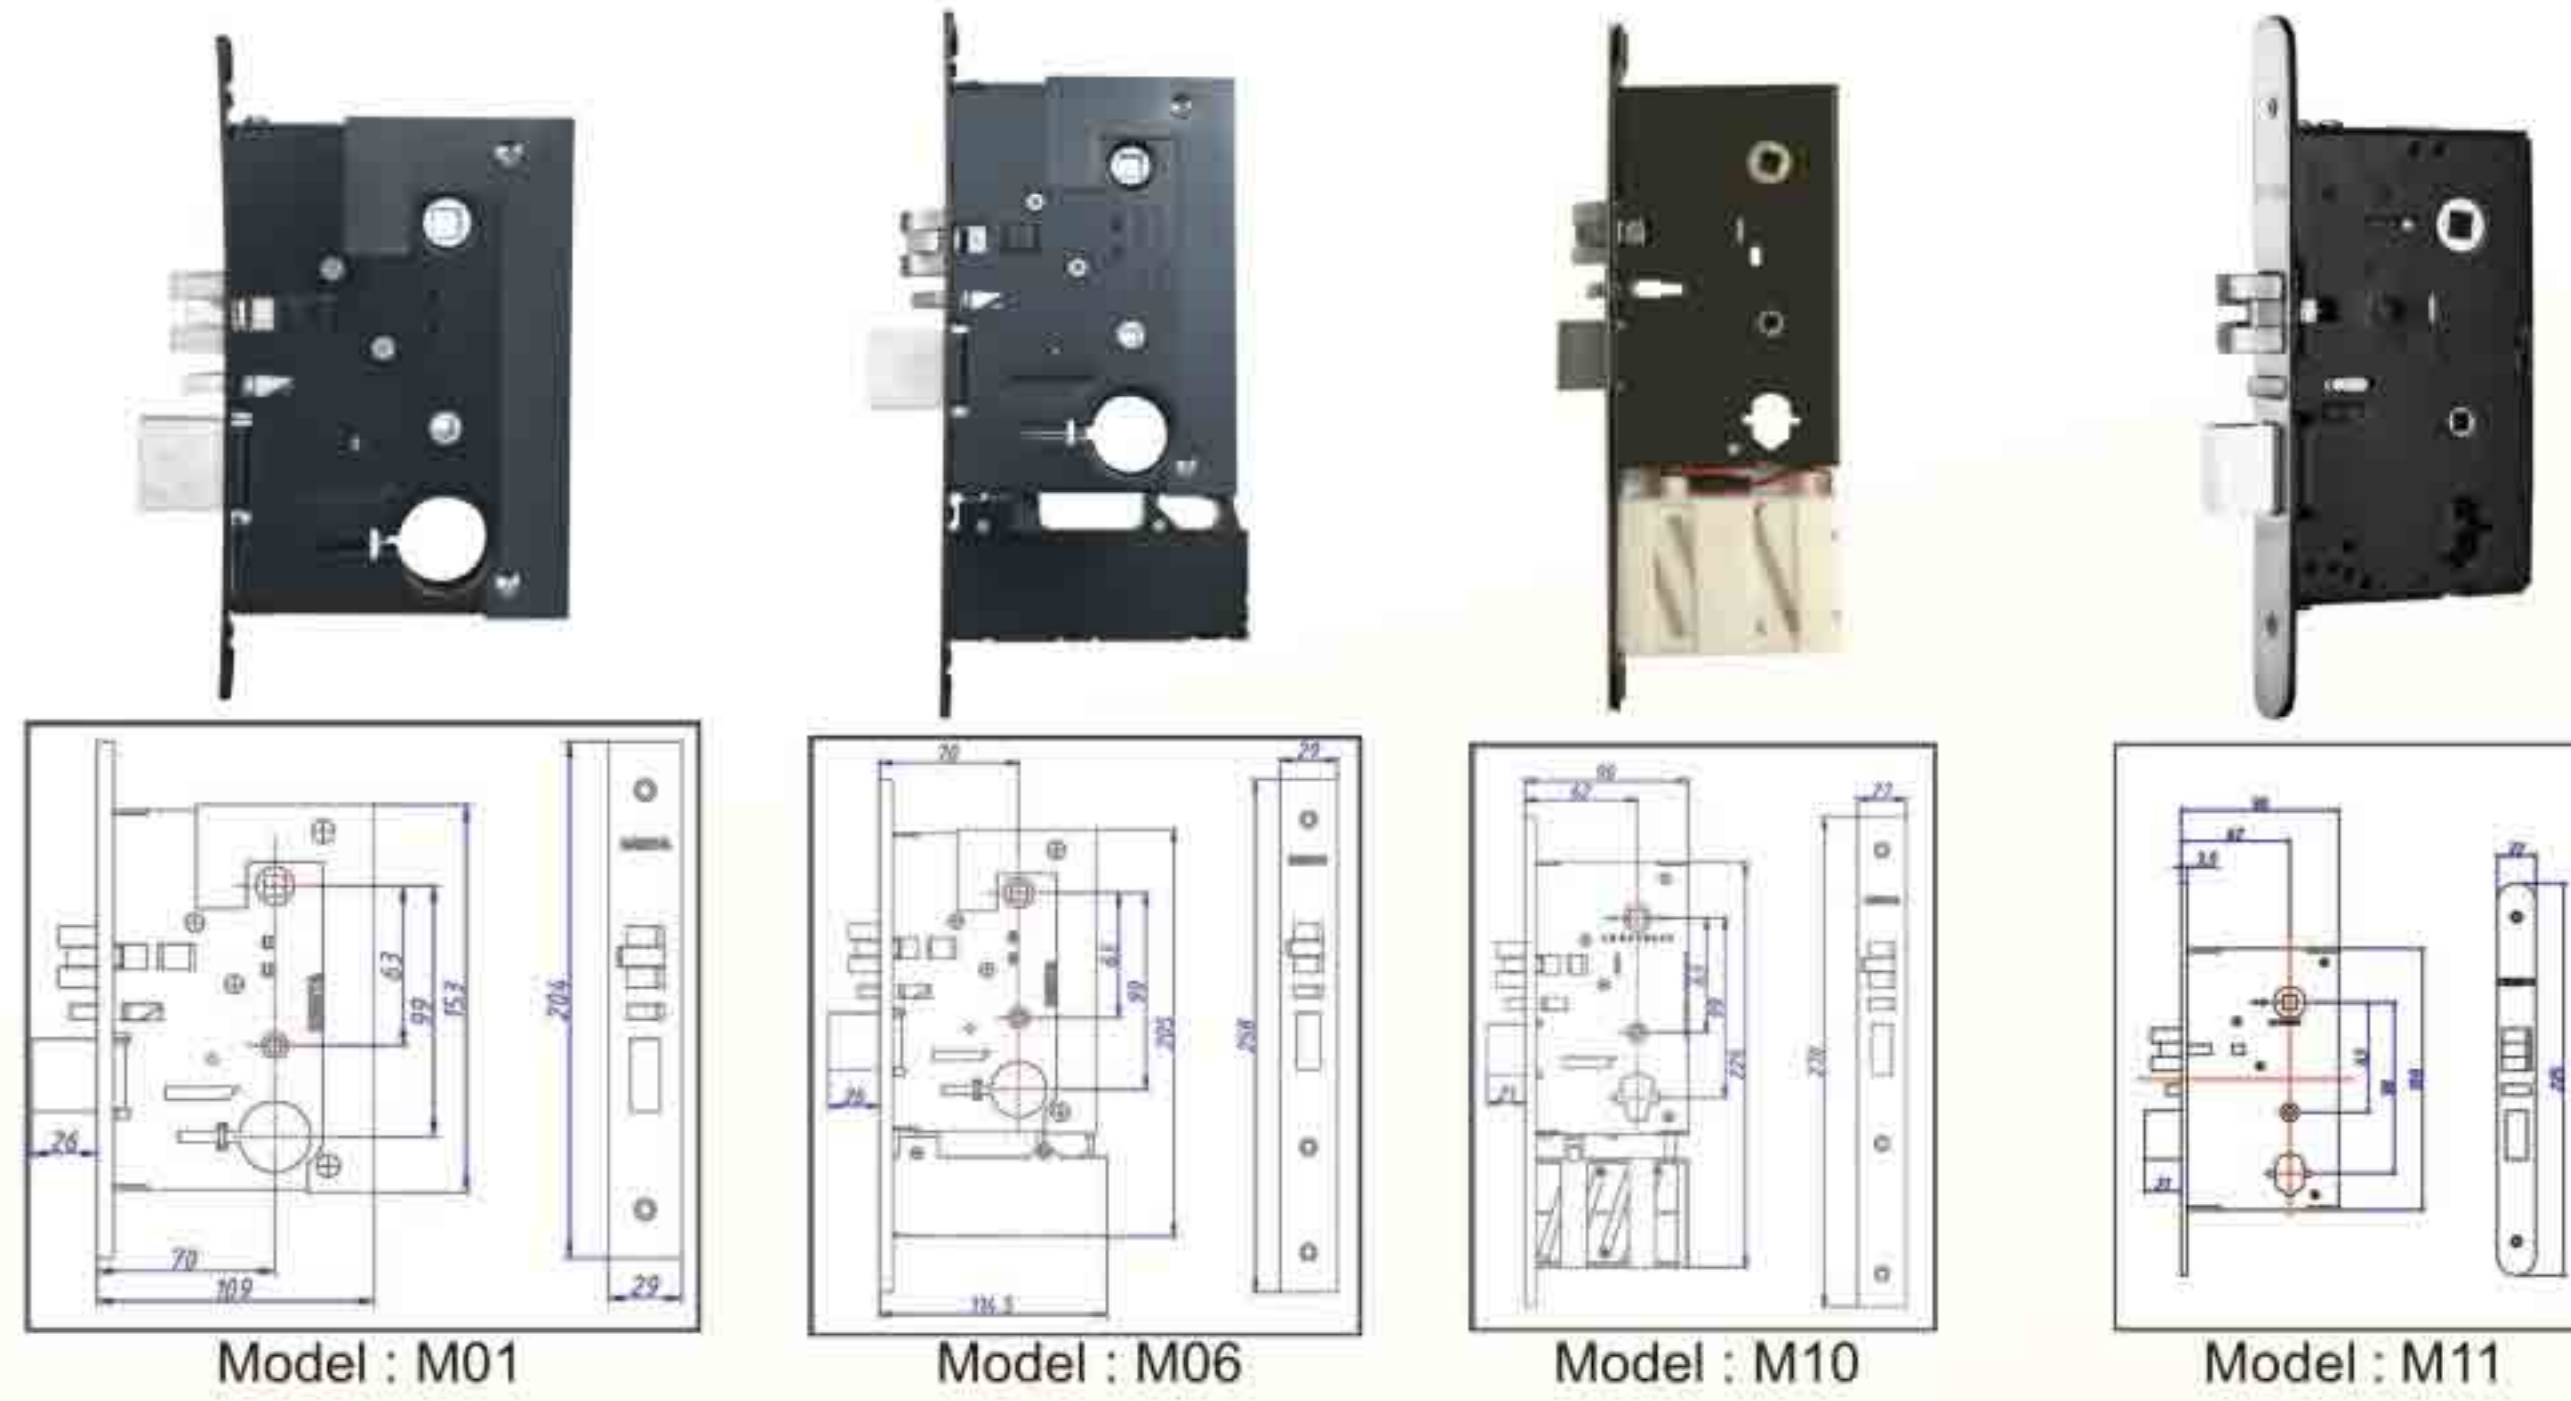

TECHNICAL PARAMETERS

Dimension of External Panel:	L290mm*W60mm*H34mm
Material:	Stainless Steel, Moisture Proof, Fire Retardant
Working Voltage:	DC6V or 4 AAA Alkaline batteries
Power Consumption:	Static Load<10Ua Dynamic Load 100~150Ma
Working Environment:	Working Humidity: 20%~90% Working Temperature: -50℃~60℃
Keycard Option:	RF Temic card, Mifare 1 card, Ultra-light card

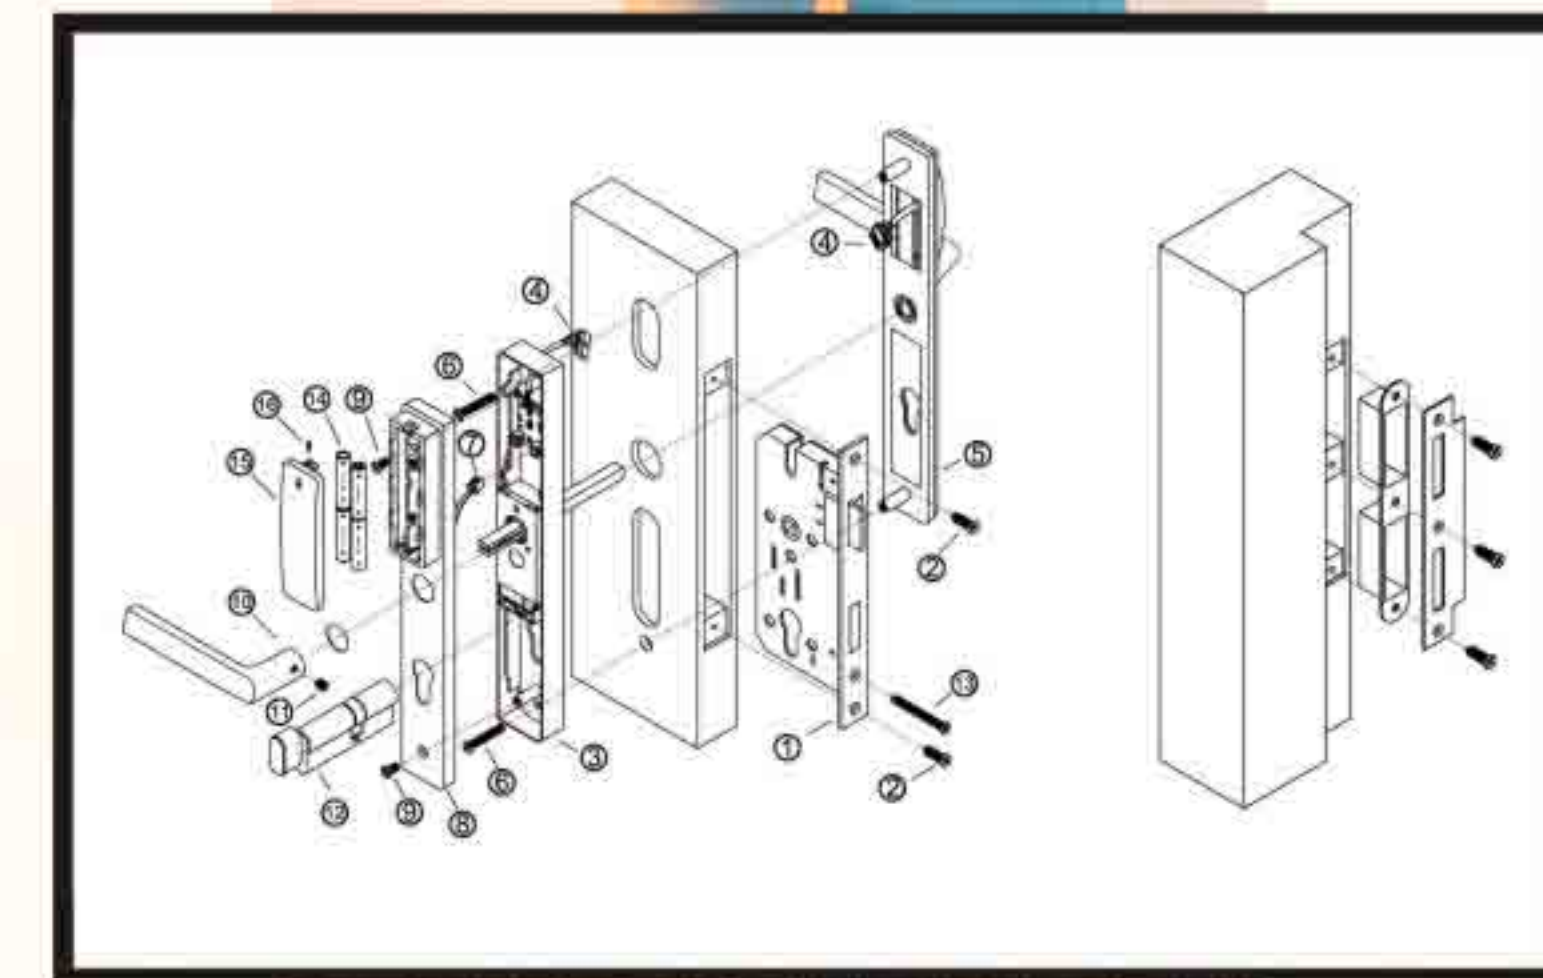

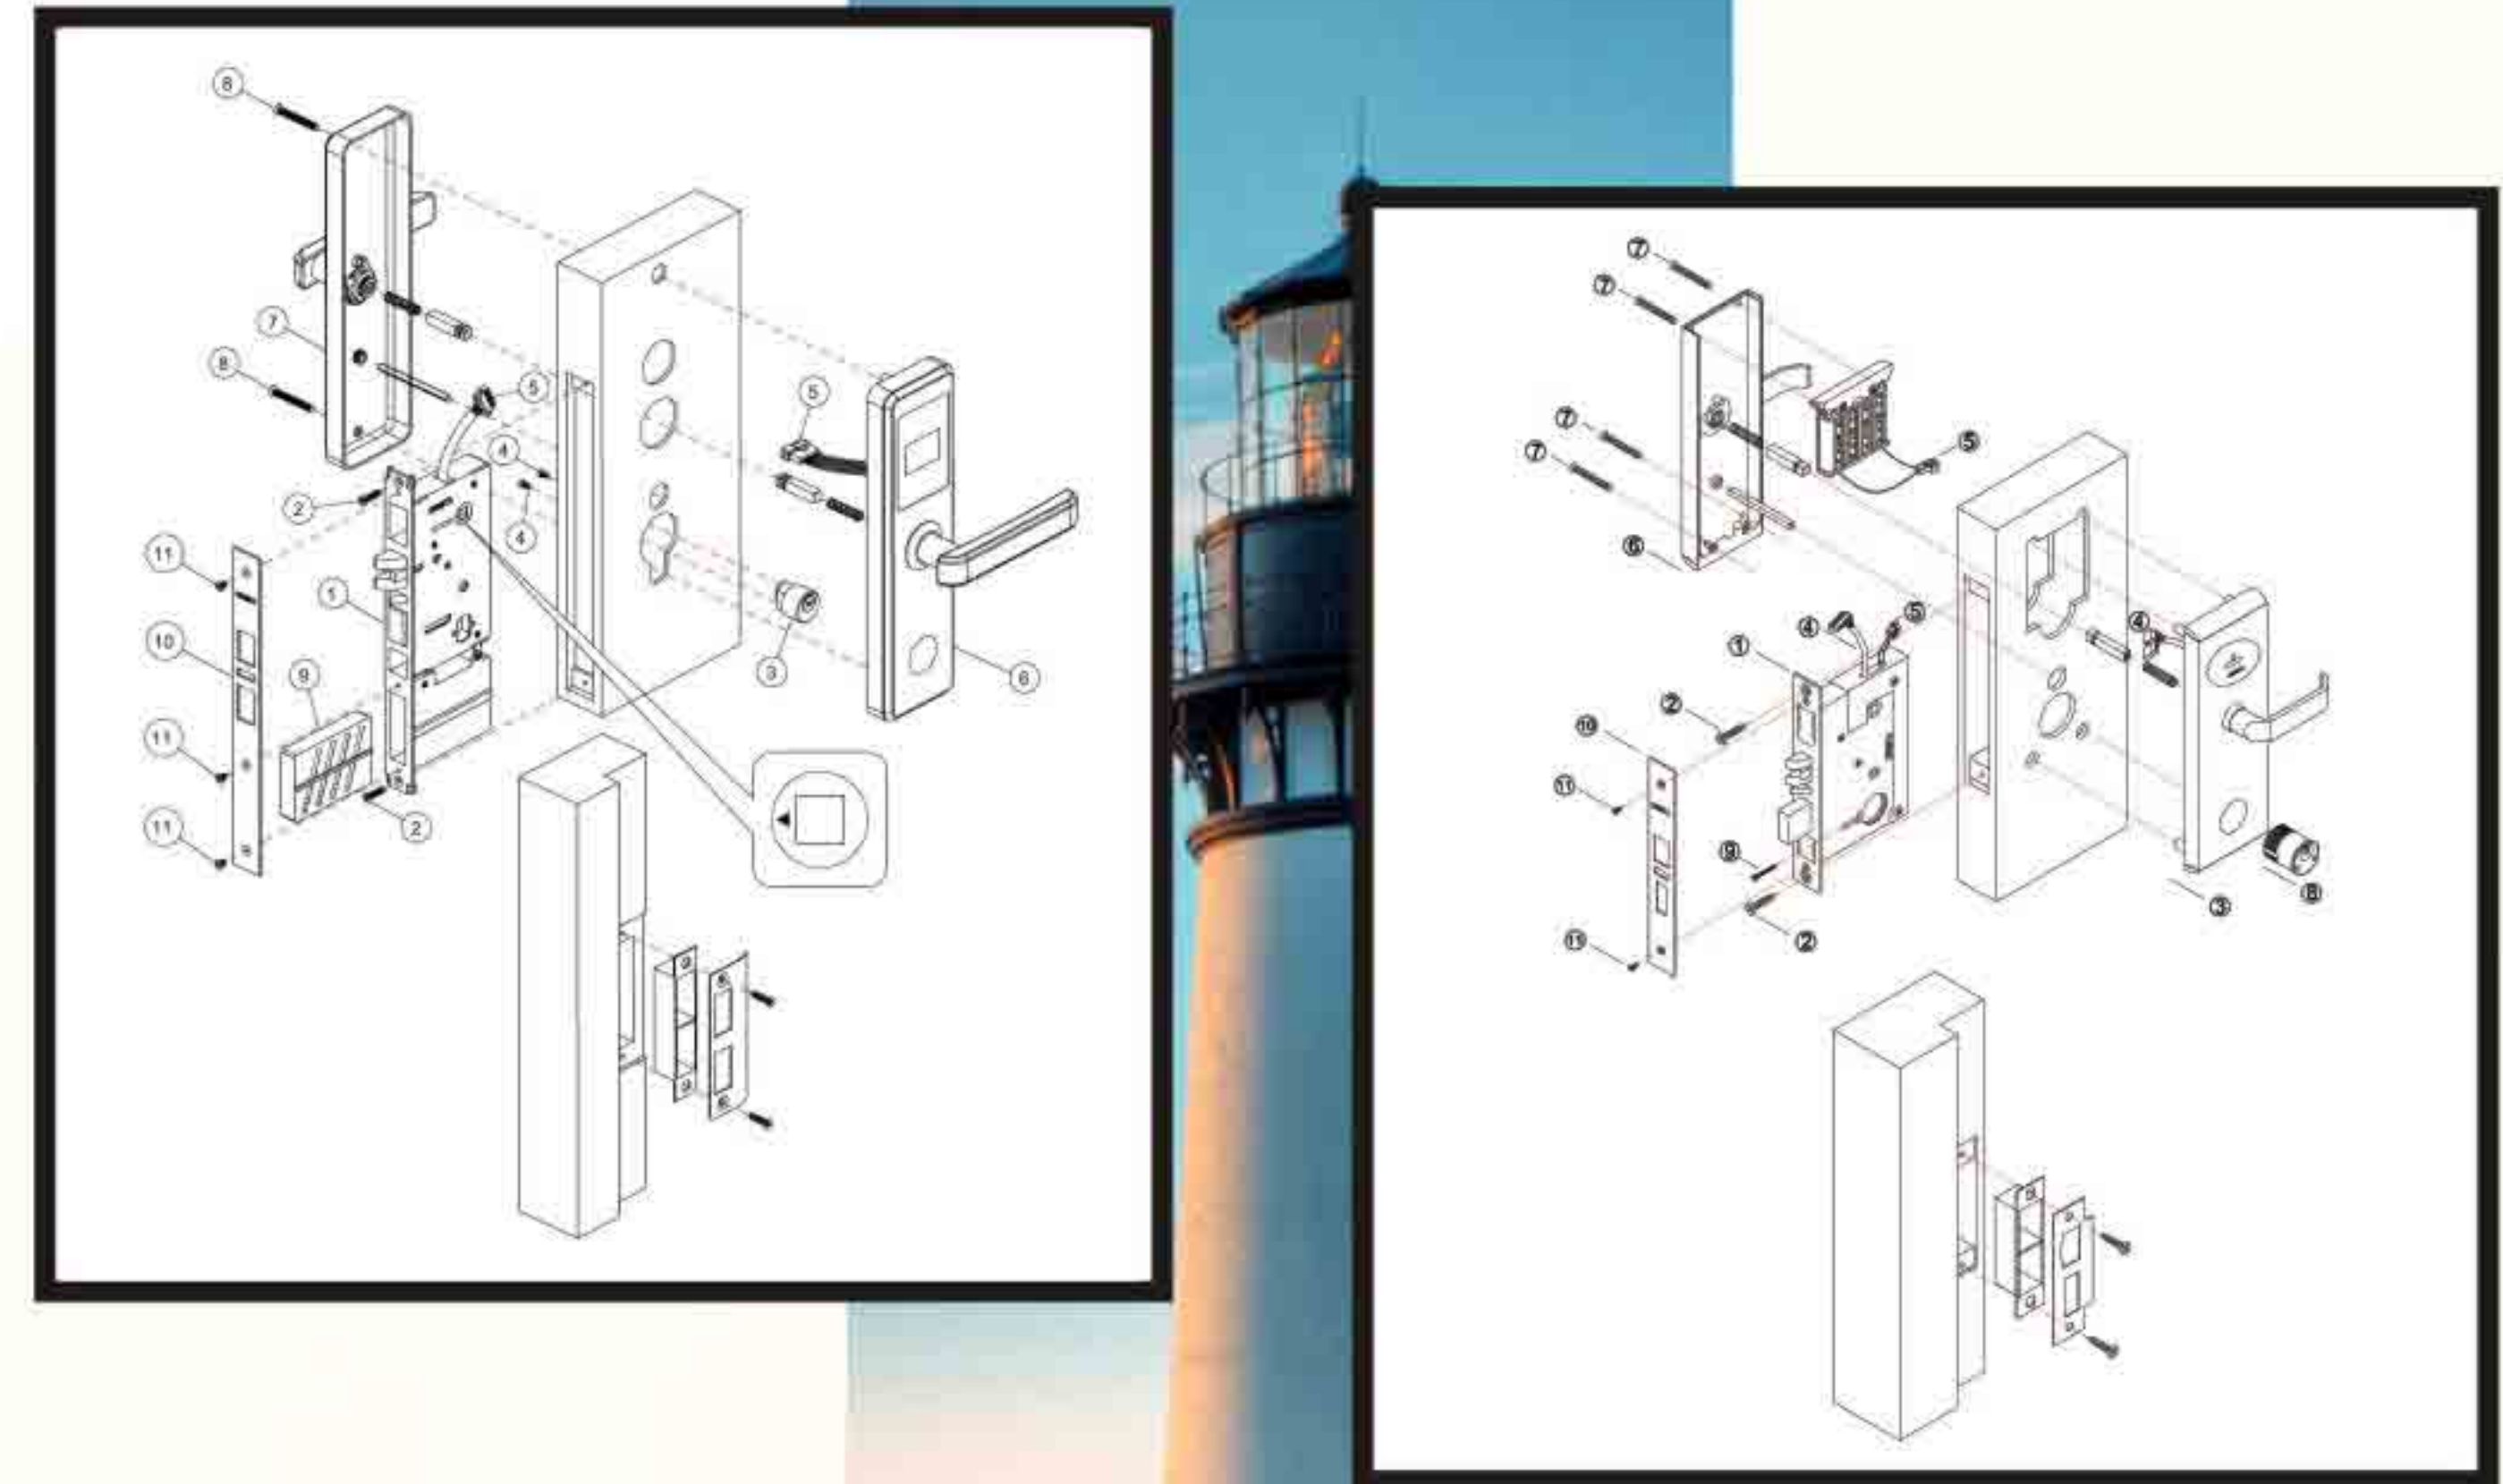

FUNCTIONAL CHARACTERISTICS

Interface with most of the PMS systems, Fidelio/Opera registered!
 CE & FCC Certified!
 Stainless steel color lasts more than 10 years
 ANSI standard mortise, European Standard mortise 72mm/85mm hole distance
 Inside deadbolt. Inside handle retracts latches and deadbolt
 RF Temic card, Mifare 1 card, Ultra-light card are optional, compatible with its own energy saver
 Override Computer Key for Emergency use, individual or master cylinder
 Personalized locking system and cylinder cover
 Step by step installation software, easy operation. OEM locking system available
 Classified Access Authorization for safety management
 General master card, building master card, floor master card, guest card, Fire-alarm card
 All cards with validity, guest card expires automatically at default check out date and time
 Meeting room function and three levels of passage door functions
 Lost guest card suspension simply by issuing a new guest card with suspending function
 Multiple operators with different card issuing authorizations
 Lock operation record printable: 240 pcs or more
 Receptionist card issuing records printable
 Power: 4pcs #5 AA Alkaline batteries. 18 months' duration
 Low battery voltage warning. (Lower than 3.5 V.)
 Self Error detecting by LED and "beep"
 Improper lock warning
 Wireless stand alone lock realizes 95% of online lock function
 Passage function available
 Can be integrated with 16 public areas such as Lift/Parking/Swimming Pool/Sauna Room/Tennis court/Gym ...etc. That is to say, one Guest card not only can open its own Guest room but also can open other common areas such as Lift, Parking, Club, Swimming...etc optionally (such as if the guest pays for Lift, Parking, Club, Swimming...etc, his Guest card can open its own Guest room and Lift, Parking, Club, Swimming...etc; if not, his Guest card can only open its own Guest room). Also it is suitable for suite Guest room

Lockcase Options and Specifications

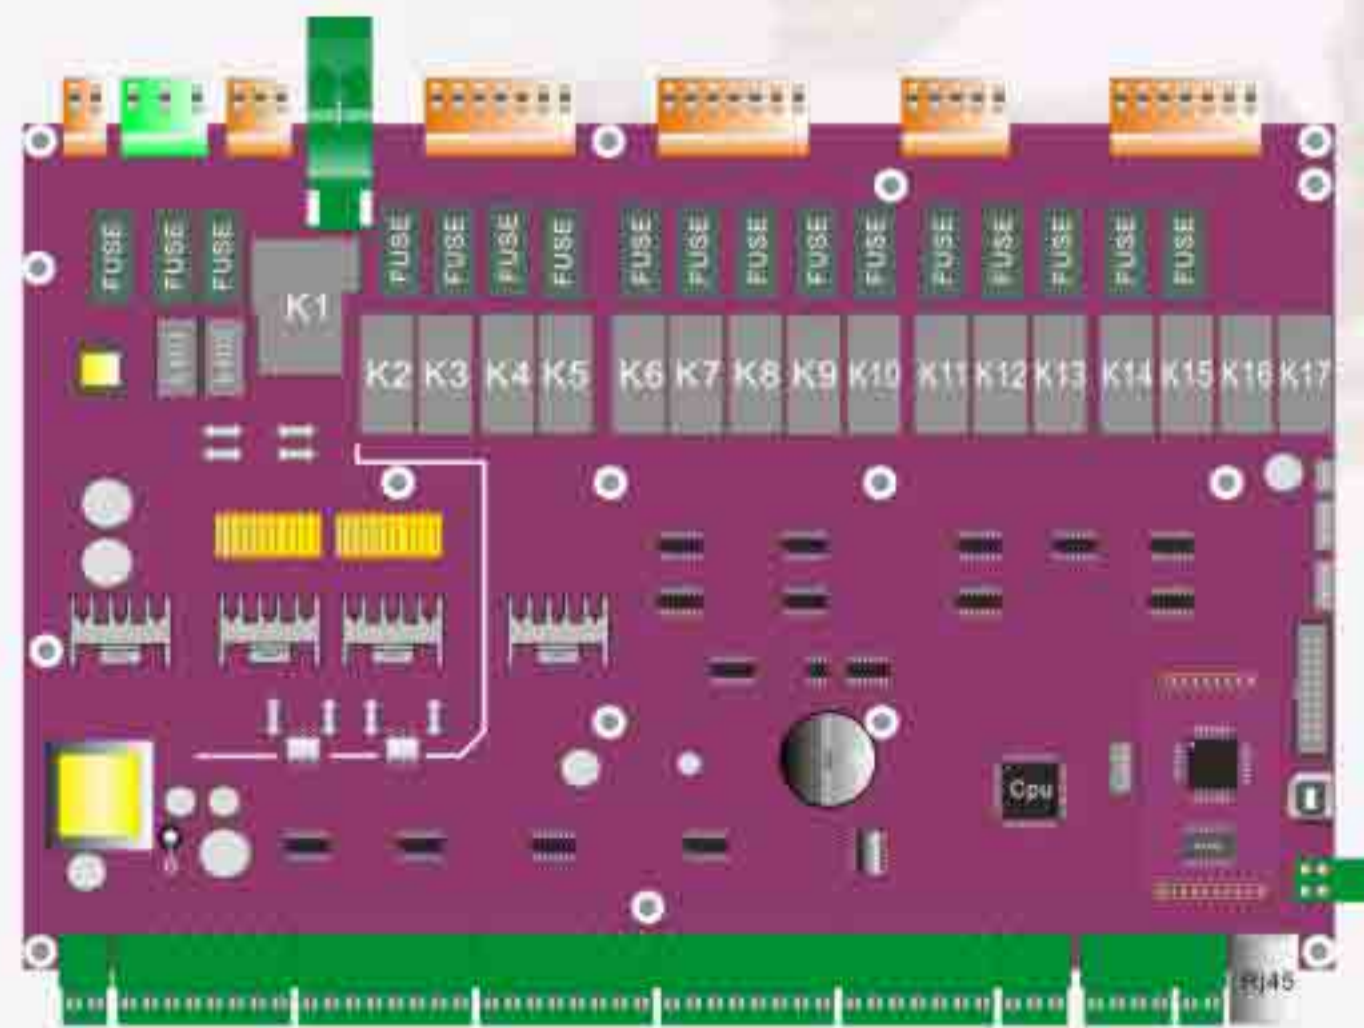

Lock Installation Diagram

Important Tips:

- Don't use deadbolt as door stopper, this will cause serious problem if deadbolt is damaged or bent.
- Make sure enough space is left for any part of the lock. It is extremely prohibited to hammer in the mortise or the screws. Use a knife, saw or file to fix the hole to make sure the mortise can go inside smoothly. Making sure the spindles or cylinder does not hit any wood.
- Make sure the hole for the latch is deep enough and no burr left inside, when the latch hit the wood or burr, continuous alarming will be activated.
- Adjust and fix the cylinder properly for emergency use.
- Be careful with the cable during installation. Any cable breaking will result in malfunction.
- The deadbolt knob should be upright not horizontal.

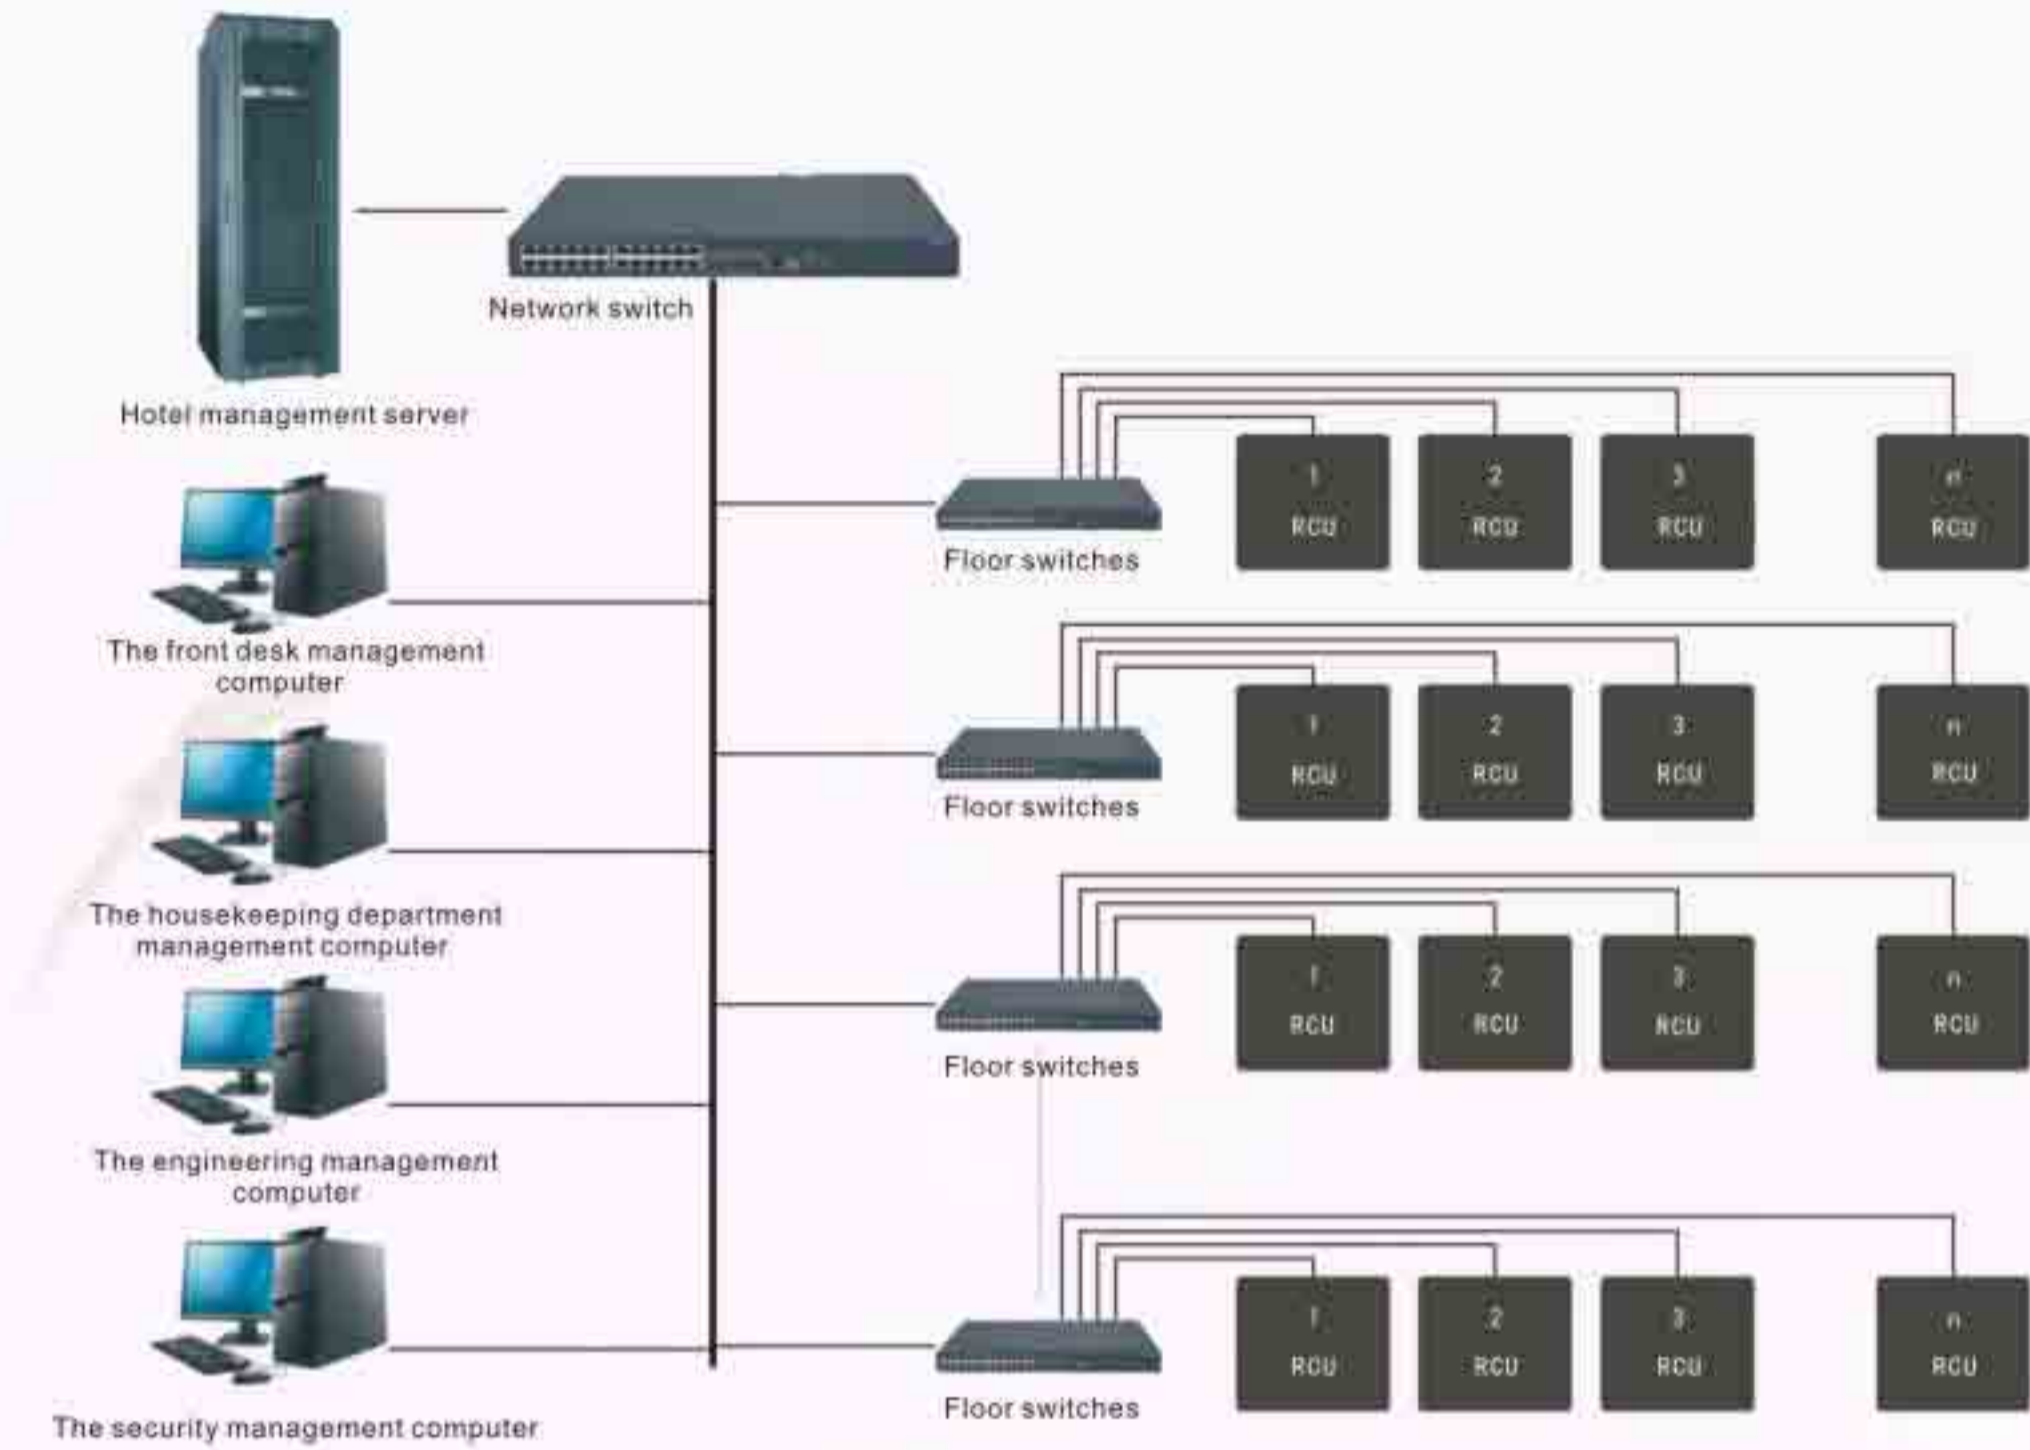

Application system diagram

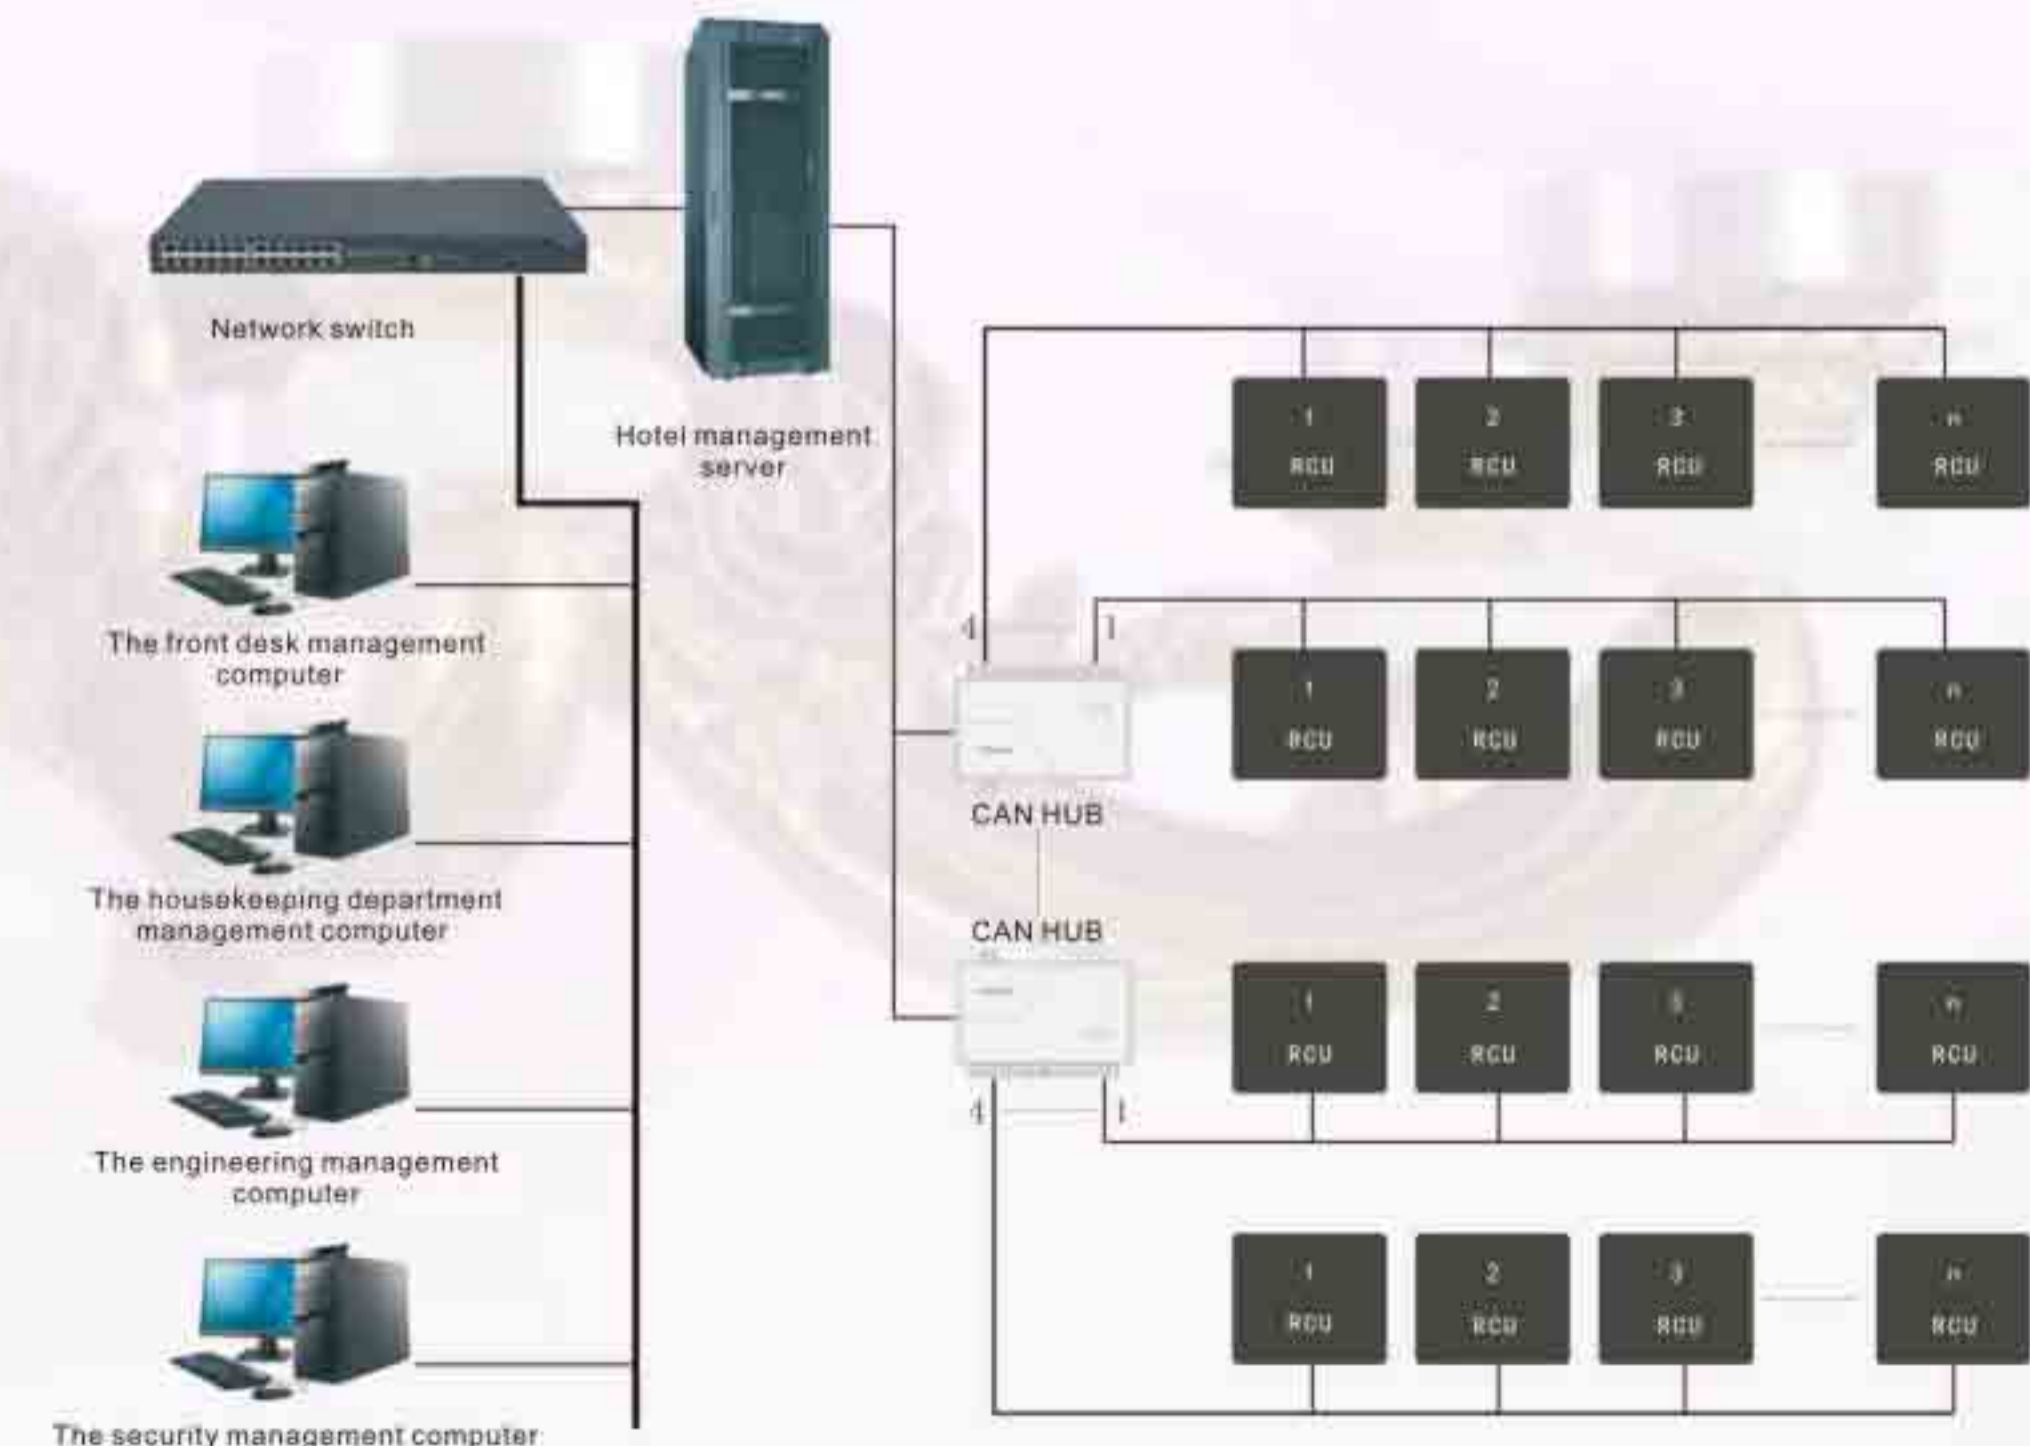

RCU

Lighting control: on/off/dimming/scene
 A/C control: valve/Fan speed
 Curtain control/TV control.
 Door/safe/ window status monitoring.
 Guest/staff in room identification.

Outstanding features:

Cool&quiet

High performance with superior absorption new technology
Cooling by ammonia, no moving part, no compressor, no fan
No vibration, no noise (0 db) maintenance-free & long life.

Orbita Hotel Telephone

HT-1001

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
14 digits memory
Dual tones electronic ringing and volume 2 levels adjustable
Auto re-dial
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1009

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
14 digits memory
Dual tones electronic ringing
Auto re-dial
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1003

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
Large message light, voice message extraction
Dual tones electronic ringing and volume 2 levels adjustable
Storage key-memory function
Auto re-dial
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1009B

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
Large message light, voice message extraction
Dual tones electronic ringing
Take-up automatically
Auto re-dial
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1005

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
14 digits memory
Dual tones electronic ringing
Speaker volume Hi/Low adjustable.
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1010

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
14 digits memory
Dual tones electronic ringing and volume 2 levels adjustable
Auto re-dial
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1006

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
16 digits numbers LCD display
Storage, Set up
Auto re-dial
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1011

International fashion design appearance.
Human engineering mechanics project of handle
Soft humanized ring
Beautiful and efficient useful ring-coming light.
Double audio dialing
Automatic redial
High immunity to electro-magnetic radiation
Waterproof and moisture proof.

HT-1008

Professionally designed panel with hotel name and logo printed available.
One-touch button(+10, +5, +3, +0)
14 digits memory
Dual tones electronic ringing
Ringer indicate light
Dest and wall mountable.
Thunder-proof and Anti_EMI design.
Waterproof and moisture proof.

HT-1012

International fashion design appearance.
Human engineering mechanics project of handle
Soft humanized ring
SOS emergency call key
Automatic redial
Dest and wall mountable.
High immunity to electro-magnetic radiation
Waterproof and moisture proof.
